v.18

To you, ANNETTA MARY CARTER—"Señorita Anita" south of the Border—recent President of the California Botanical Society, long-time Secretary of the Editorial Board of *Madroño*, and during three administrations the leavening spirit of the University of California Herbarium, we affectionately dedicate this volume.

During your long association with the University Herbarium, from student assistant to Principal Museum Scientist, you have been the trusted advisor of faculty and administrative officers, a generous counselor and confidante of successive generations of grateful students, and an esteemed friend to your associates and herbarium visitors.

Champion of human rights and friend of the friendless; interpid field botanist and indefatigable collector and interpreter of the plants of the remote ranges of Baja California, especially of the Sierra de la Giganta; gracious ambassadress to our Mexican botanical friends—you have shown in all your broad and varied responsibilities over the years an unfailing skill and competence which is overshadowed only by your personal warmth and outstanding human spirit.

CONTENTS

PAGE

Frontispiece: Annetta Mary Carter	
The inter-relationships of the Alaskan lupines, <i>David B. Dunn</i>	1
The tribe Orcuttieae and the subtribes of the Pappophoreae (Gramineae), <i>John R. Reeder</i>	18
Reviews	28, 62, 126, 246
Notes and News.....	17, 31, 63, 104, 127, 160, 173, 184, 192, 213, 224, 250
Allolepis: a new segregate of <i>Distichlis</i> (Gramineae), <i>Thomas R. Soderstrom</i> and <i>Henry F. Decker</i>	33
Natural hybridization between <i>Cucurbita digitata</i> and <i>C. palmata</i> , <i>W. P. Bemis</i> and <i>Thomas W. Whitaker</i>	39
Manzanita chaparral in the Santa Ana Mountains, California, <i>R. C. Wilson</i> and <i>R. J. Vogl</i>	47
Clinal patterns in front anatomy of <i>Polypodium</i> , <i>Robert M. Lloyd</i>	65
The California species of <i>Gutierrezia</i> (Compositae-Astereae), <i>Otto T. Solbrig</i>	75
Taxonomy of <i>Polygonum</i> , section <i>Polygonum</i> (Avicularia) in North America, <i>Thomas R. Mertens</i> and <i>Peter H. Raven</i>	85
A reevaluation of <i>Buddleia corrugata</i> , <i>Eliane M. Norman</i>	92
Dr. LeRoy Abrams' collecting trip of 1908, <i>Ernest Alexander McGregor</i>	97
The fleshy-fruited <i>Galium</i> species of California (Rubiaceae). I. Cytological find- ings and some taxonomic conclusions, <i>Lauramay T. Dempster</i> and <i>G.</i> <i>Ledyard Stebbins</i>	105
A further description of <i>Gossypium trilobum</i> , <i>Paul A. Fryxell</i>	113
New taxa in the genus <i>Monarda</i> (Labiateae), <i>Rainier W. Scora</i>	119
Documented chromosome numbers of plants.....	122, 245
A taxonomic revision of section <i>Sonoricola</i> of the genus <i>Verbesina</i> L. (Com- positae), <i>James R. Coleman</i>	129
<i>Escobaria leei</i> Bodeker rediscovered in New Mexico, <i>Edward F. Castetter</i> and <i>Prince Pierce</i>	137
New records of <i>Myxomycetes</i> from California I., <i>Donald T. Kowalski</i>	140
Contribution to the embryology of <i>Muilla</i> , with a remark on the taxonomic position of the genus, <i>Rolf Y. Berg</i> and <i>Jack R. Maze</i>	143
The genus <i>Tiarella</i> in western North America, <i>Patricia Kern</i>	152
Varietal transfers in <i>Cupressus</i> and <i>Chamaecyparis</i> , <i>Elbert L. Little, Jr.</i>	161
On the specific distinction of <i>Eriogonum nutans</i> and <i>collinum</i> , <i>James L. Reveal</i>	167
Jens C. Clausen	174
Notes on marine algae of Washington and southern British Columbia, <i>Richard</i> <i>E. Norris</i> and <i>John West</i>	176

Some new chromosome numbers in <i>Linum</i> , <i>C. Marvin Rogers</i> and <i>Betty D. Harris</i>	179
Sclerolinon, a new genus in the Linaceae, <i>C. Marvin Rogers</i>	181
Notes on Mexican grasses V. Two gypsophilous species of <i>Muhlenbergia</i> , <i>Charlotte G. Reeder</i> and <i>John R. Reeder</i>	185
Influences of fire and sodium-calcium borate on chaparral vegetation, <i>Stephen K. Stocking</i>	193
The taxonomic status of <i>Stemmatella</i> (Compositae-Heliantheae), <i>B. L. Turner</i>	203
Volatile growth inhibitors produced by <i>Eucalyptus globulus</i> , <i>Herbert G. Baker</i>	207
The chromosomes of <i>Scoliopus</i> (Liliaceae), <i>Marion S. Cave</i>	211
Two new species of <i>Verbesina</i> (Compositae) with taxonomic notes on other species, <i>James R. Coleman</i>	214
Observations on witches'-broom formation, autoparasitism, and new hosts in <i>Phoradendron</i> , <i>Frank G. Hawksworth</i> and <i>Delbert Wiens</i>	218
<i>Chrysothamnus bolanderi</i> , an intergeneric hybrid, <i>Loran C. Anderson</i> and <i>Jack L. Reveal</i>	225
A new species of <i>Brodiaea</i> from San Clemente Island, California, <i>Theodore F. Niehaus</i>	233
Chromosome numbers in the <i>Eriophyllum lanatum</i> (Compositae, Helenieae) complex, <i>John S. Mooring</i>	236
Propagation of some woody desert perennials by stem cuttings, <i>Valerie C. Chase</i> and <i>B. R. Strain</i>	240
Notes on the <i>Hordeum jubatum</i> complex, <i>Tibor Rajhathy</i>	243
Index	252

ERRATA

- Page 26, delete 3rd line from the bottom and replace by
Cottea pappophoroides Kunth. Mexico. Sonora, *Palmer 339*, in 1887 (YU).
- Page 93, delete first US and replace by UC
- Page 124, line 26, *E.* should be *Eriogonum*
- Page 124, under *Eriogonum* correct J. L. Reveal & J. L. Reveal to J. L. Reveal & J. A. Reveal
- Page 124, under *Eriogonum* correct A. H. Holmgren to N. H. Holmgren
- Page 135, line 13, correct spelling is *encelioides*
- Page 135, line 14, correct spelling is *PENINSULARIS*
- Page 149, note 2, line 2, correct spelling is *carinatum*
